Yehudi Menuhin Opens Series

SAN FRANCISCO—Yehudi Menuhin, whom San Franciscans have watched grow from a child prodigy into a world renowned genius of today, comes back to the town whose name he has made famous with his violin.

He launches the opera association's 1944 concert season with an afternoon program on Sunday, Jan. 2, at the War Memorial Opera House. Yehudi has been devoting much of his time between formal concert engagements to giving programs at camps and hospitals of the armed forces and in an extensive Central and South American good will tour.

Everywhere he has been greeted by the greatest of ovations and critics have acclaimed him as one of the greatest of living artists of the violin today. The tour of South America was made at the behest of an enterprising Argentine concert manager who came all the way from Buenos Aires to New York for the purpose of inducing Menuhin to make the long trip south. After the triumphant tour, the impresario wrote to concert managers in the United States: "I have had the honor and privilege of introducing this great master and genius to the music lovers of South America. The tours of Yehudi Menuhin have brought new glory and recognition to this universally beloved musician, new triumphs and record-breaking achievements in capacity attendance, in ovations, the like of which has not been witnessed in any of our metropolitan music centers in a generation. . . . North America has had no better and truer ambassador of goodwill than the modest, earnest and glorious Yehudi Menuhin, who sang himself deeply into our consciousness. He made all South

De Patta Sees Further Drives

Frank A. De Patta, chairman of salvage of the Redwood City War Council said today that more salvage drive will be undertaken here where the paper scrap has been disposed of.

De Patta said appeals from the War Production Board recently received here, continue to emphasize the importance of various types of scrap in aiding the war effort. At a meeting of the city council Tuesday, De Patta expressed his thanks to those helping with the recent paper drive.

Merchants, he said, have given time, trucks and storage space. School authorities, school children, Boy Scouts and Sea Scouts have also helped in making the drive a success. He also thanked the county fire department for their help in collecting and transporting paper to San Jose.

He expressed appreciation to the First Baptist Church and the Full Gospel Church for their co-operation in the old clothes and rag drive, to Redwood City housewives for their work in collecting waste fats and to those who have helped with the tin can scrap drive.

About 30 tons of paper, De Patta said, still must be taken to San Jose before the drive is completed.

America realize, by direct voice of sublime music, that North America has also a great soul and spirit to offer to us as another bond of friendship. . . .

Tickets for the concert are now on sale at the Opera Box Office, Sherman, Clay & Co., EXbrook 8585. Will the future of America be decided without our knowing it? Or do we know what we want and want it enough to stand out and fight for it?

FOLIES BERGERE BEAUTIES DAZZLE CROWDS

Lovely showgirls of Clifford C. Fischer's all-new and dazzling Folies Bergere of 1944 watch Jean Devereaux, internationally known ballerina, spin on her toes in the brilliant production now playing nightly at Winterland, in San Francisco. There are special matinees of the Folies Bergere each Sunday.

Rail Firm Pledges Improvement

Improvement of service for Peninsula commuters has been promised by the Market St. Railway Co. It was revealed at a meeting of the San Mateo County Board of Supervisors Tuesday.

Gardner Griffith, special representative of the company, in a letter to Dist. Atty. Gilbert D. Farrell which was read to the supervisors, said that a new installation is planned at Daly City which would eliminate the hazard about which the Daly City City Council had complained to both the railway company and the supervisors.

Griffith said that additional track will be installed, enabling the paralleling of cars with accommodations for additional units. Passengers can then be transferred without crossing an intersection, doing away with jaywalking, he said.

Daly City officials complained that the situation at Daly City was a traffic hazard.

Farrell said that the supervisors had no authority to act on the railway matter.

Two Youths Held On Theft Charges

Louis Vanini, 18, 522 Maple St., was free from the county jail today on \$100 bail and a 15-year-old boy companion was in custody of juvenile authorities following the arrest of the pair by Redwood City Police Officer C. V. Stafford early Tuesday.

Vanini was arrested and charged with theft when Stafford discovered the youths in Weltner's used car lot. They were alleged to have taken an article from cars parked there.

Midnight Shows For Follies

Laughter and beauty and colorful fantasy will be offered in special midnight performances of the dazzling Folies Bergere at Winterland, in San Francisco, on both New Year's Eve and New Year's night.

Late hour celebrities may continue their holiday observances with shows starting at 12:30 a.m. on both days, it was announced.

Gay scenes of pre-war Paris combined with well-known vaudeville performers, hitting music, and the talents of 80 of the nation's most gorgeous girls are woven into the production which will have special showings after midnight on both of the holidays.

Showman Clifford C. Fischer has gathered together an international famous galaxy of stars for his all-new two and one-half hour show. Famous dancers, comedians, and vaudeville stars appear in a series of brilliant acts which move swiftly and easily from rollicking French comedy to exquisite pageantry.

The Folies' 80 lovely girls were chosen for their beauty, dancing ability, and variety of type, and appear in six dazzling dance sequences staged on the entire floor surface of Winterland. They frolic on a Normandy farm, dance to the lilting strains of a Strauss waltz in the Rose Ballet, perform brilliant precision routines in the Zebra act, and finish in a riot of color in the gay and daring Can Can.

Tickets for the two gala midnight performances of the Folies Bergere are on sale at Winterland, Post and Steiner Sts., in San Francisco, and at Sherman Clay box offices in San Francisco and Oakland.

M.P., Atherton Issue Citations

Menlo Park and Atherton police issued 46 citations for faulty lights, mechanical equipment, and incorrect addresses on registration slips and licenses in a safety drive in a four hour period ending at 2 a.m. Sunday morning, police officers reported.

The drive was part of a campaign by Bay Area counties. San Francisco police during the same period issued 750 citations and Oakland 350, officers reported.

Menlo and Atherton police said that only cars obviously violating regulations were halted. Redwood City Police Dept. reported the drive was not carried out here because the police force could not spare the men.

The number of juvenile delinquency cases coming before 83 children's courts in the U. S. increased 16 per cent from 1940 to 1942.

About 76 tons of tin are required in the construction and equipping of a battleship.

'Curtain Time' Opens Monday

Paul Small, coproducer of three previous smash hits reviews at the Curran Theater, San Francisco—"Show Time," "Big Time" and "Laugh Time" will now present under his own producing banner, "Curtain Time" beginning Monday, Dec. 27, at the Curran.

"Curtain Time" is the largest and most colorful of the four reviews. Chico Marx of the famous Marx Brothers, and Connie Boswell of stage, screen and radio fame are the co-stars of the review.

Featured with Marx and Boswell are Diosa Costello, the Puerto Rican Tornado; Jayne and Adam Di-Gatano, outstanding ballroom team from New York's swank spots; Think a Drink Hoffman, the man who has the liquor shortage beat; Gene Sheldon, hilarious comedian and his banjo; the Three Swifts, throwing humor around at a fast clip; Whitney Sisters, Miller Brothers and Lois, originally the Three Millers, but the army stepped in, hence Lois; and the ever popular Buck and Bubbles.

"Curtain Time" seats are now on sale for all performances. Matinees will be on Wednesday, Saturdays and two on Sundays, besides the evening showings.

For New Year's Eve, Producer Paul Small will give a gala 11:30 show in addition to the 8:30 curtain.

Firemen Extinguish Auto Blaze

Redwood City Fire Department extinguished a fire in the front seat of a parked car at Maple St. and Middlefield Rd. at 12:55 Sunday morning.

Fire Chief Mark E. Ryan said cause of the fire was not known. The owner of the car could not be found at the time. Damage was confined to the upholstery in the front seat, Ryan said.

At 9:40 a.m. Sunday two trucks responded to a report of a fire underneath a residence at 1318 Jefferson Ave.

The blaze, on the outside of a floor furnace was extinguished in five minutes. Ryan said there was no damage.

"My principles aren't so high," said a school boy, "that I can't live up to them."

Deed Reveals Apartment Sale

Mrs. Caroline M. Coffinberry has sold her apartment house on Birch St. to Mr. and Mrs. James Furey, it was revealed today with the recording of a deed with County Recorder T. C. Rice. Stamps indicated the sale price was \$20,000. The deed was recorded at request of California Pacific Title & Trust Co.

It's cutting corners that dulls our edge.

R.C. Employees Attend Party

Approximately 60 employees of Redwood City municipal departments celebrated their annual Christmas party at the Redwood City Yacht Harbor clubhouse Saturday afternoon.

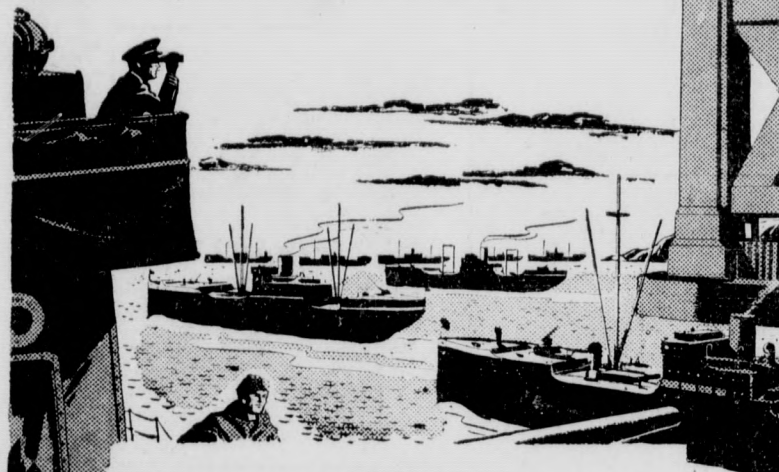

Charlie Curran was in charge of arrangements for the luncheon and the entertainment following. Music for the dancing was provided by Ralph S. edge, George Drivon, Duncan Reynard and Curran.

YOUR GOVERNMENT
URGES YOU TO
CONSERVE
GAS and
ELECTRICITY
FOR ESSENTIAL USE

Yes, you can help fill the ships and keep them sailing out the Golden Gate...by practicing rigid wartime economy in your home. Your Government asks you to conserve and save for Victory. That means waste and extravagance must be cut to minimum. Even where there is no rationing and the supply is plentiful and the cost has not risen, use only what you need and no more.

This is true of gas and electricity. Though plentiful and cheap, they must be used wisely to save manpower, transportation, fuel and critical metals. By more conservative use of gas and electricity you prolong the life of your appliances, obtain more efficient operation and help avoid replacement and repair of these essentials to your comfort, convenience and health.

This company has pledged full support to the government in the national conservation program. We urge our customers to help through voluntary cooperation.

'Junior Miss' Appears in S.F.

With a record behind it of 720 performances in New York, 252 in Chicago and 168 in Boston, and enough in other cities, large and small, to bring its total in less than two years up to 1474, Max Gordon's delightful comedy hit, "JUNIOR MISS," will make its appearance on the stage of the Geary Theater, starting Sunday night, Dec. 26. There will be a special popular priced matinee Wednesday, Dec. 29. Regular matinees will be Saturday and Sunday.

This is a companion piece to "My Sister Eileen," it having been written by the men who dramatized the latter, Jerome Chodorov and Joseph Fields, who based their plot on Sally Benson's "Junior Miss" stories in the New Yorker Magazine.

A very young lady being the central character in "Junior Miss," some persons have had the erroneous idea that the comedy is of but passing interest to grown-ups. Nothing could be farther from the truth. "Junior Miss" is far from being mere juvenile farce. In fact, much of the comedy and most of the drama, is provided by the mature characters by reason of the trouble the youngsters get them into, and from which they have difficulty in extricating themselves. Judy Graves, the girl of the title, played by Hermine Munro, led on by her movie-fed imagination, plunges her father, mother and uncle, her father's employer and his daughter, and nearly all others in the case, into a sea of discord that threatens for a time to wreck the happiness of all concerned. But, this being a hilarious comedy, it ends well, so that, in the end, all's well.

S.M. County Scouts Speed Membership Drive

All efforts are being made to speed up the membership drive and reach the goal of 5000 Boy Scouts, Subs and Sea Scouts before the end of the year. To date the co-operation and response from all units has been very satisfactory. Edward Barrer, scout executive, said today: "Everyone is working toward the prizes for units—a \$10 merchandise order for the scout troop registering the greatest number of new recruits and \$5 merchandise order for the second prize."

The scout responsible for the

greatest number of recruits will be awarded two weeks free vacation at Camp Pescadero and there is a second prize of one week vacation at Camp Pescadero.

Troop 107, Menlo Park, under Scoutmaster Floyd Beach, has the highest total of new boys to date with 14. Troop 48 in San Mateo, Scoutmaster Williams, runs second place with 12 new scouts. Harry Trittippe of Troop 1 leads with six new recruits while Scouts Hicks, Peterson and Blaisdell of Troop 107, Bekins of 92 and Higgins of 82 are

all tied for second place with two new scouts each.

Increased numbers of projects in civilian defense work are being added weekly to the responsibility of the Boy Scout and Cub unit troops of the San Mateo County Council. Assistance with collection of metal, old newspapers, old clothing, jewelry for the South Pacific, are included.

Mrs. W. Farmer Fuller Jr., chairman of the AWWV salvage campaign of Northern California re-

cently wrote to Scout Executive Barrer, highly commending the job the Cubs did during the salvage drive for old clothes and expressing the thanks and appreciation of the AWWV and the salvage committee of the San Mateo County Council. The participating packs and dens are receiving victory service awards from the council office for their co-operation.

SAFEWAY

And if you still wonder what to give Cousin Min or little Brother Tim, here's a tip: the world's best gift and safest investment is a War Savings Bond!

J-M Smokestack By Jim Asbestos

IF THIS WAR DOESN'T MEAN SACRIFICES FOR US, IT'S NOT OUR WAR

LET'S GIVE OURSELVES MORE SACRIFICES

This year it's a cinch figuring out our New Year's resolutions.

The boys at the front know what they're going to do. They're going to go ahead and clean up the war, and they aren't going to go crying to the C. O. about their sacrifices. It wouldn't do any good.

WE can make a lot more sacrifices, too—of the kind that will help those boys win sooner.

Let's dig down to the quick for more money for more war bonds and stamps. Let's pass the plasma. Let's stick on the job when we're tired and bored. Let's produce more stuff for war use. Let's save more fats, fuel, metals, food, rubber and gasoline.

J-M ROCK WOOL INSULATION
ON MY HOUSE
WILL SAVE 30
PERCENT OF MY
FUEL FOR THE WAR

BUT COMFORT CAN BE PATRIOTIC, TOO

Not all patriotic efforts have to hurt, however. Government figures say that if only three percent more homes were completely weatherproofed, there could be released for war, 44 million gallons of oil and more than one million tons of coal.

The best thing anybody can do to help weatherproof a home is to have it insulated with Johns-Manville Rock Wool. This saves up to 30 percent on fuel.

A SAFETY "FIRST"

J-M's plant at Jarratt, Va., is the first plant in the state of Virginia and the first J-M plant to receive the National Security Award given by the Office of Civilian Defense.

The award was made for extraordinary achievement in protecting against dangers of enemy attack, sabotage, fire and accidents.

LITTLE JOURNEYS TO J-M PLANTS

It takes a lot of heat to keep the war going in hot spots, the world over. And heat calls for insulation, and that is where J-M shines.

From J-M's Richmond, Ind., plant, comes stonefelt which is used in various types of aircraft, and in railway equipment to keep war supplies rolling. Also "BX" insulating blankets for use in warships, cargo vessels, refrigerator spaces, and in machinery and engine room casings. And rock wool insulating blankets for army kitchen units, and rock wool home insulation for war structures and home fuel saving.

-Jim Asbestos
